GUIDE TO LENS SHADES:

A guide to the ideal uses and functions for different shades of lens for a safety eyewear product.

MARKING	LIGHT TRANSMISSION VALUE (LTV)	LENS SHADE	UV PROTECTION	FUNCTIONS AND SUITABLE USES
2-1.2 2C-1.2	74.4% - 100%	Clear	☑	Suitable for use in good visibility conditions.
5-1.4 5-1.7	58.1% - 74.4% 48% - 56%	Indoor / Outdoor	☑	Reduces dazzling and the harmful effects of blue light. Ideal when moving between light and dark areas
5-3.1	8.5% - 17.8%	Smoke	☑	For direct sunlight and bright glare conditions.
5-2.5	17.8% - 29.1%	Blue Mirror	☑	Ideal protection against sun glare as it reflects solar rays before filtering UV.
2-1.2	74.4% - 100%	Yellow	☑	Offers sharpness, acuity and contrast. Primary function is to block blue light.

GUIDE TO LENS COATINGS:

JSP eyewear lens coatings have been specially developed to provide the best protection from abrasive scratches and misting. Our coating technologies have been developed over many years to provide unrivalled performance in Anti-Scratch and Anti-Mist. We have developed a range and branded them for your easy reference:

COATING	DESCRIPTION
premier SHIELD™	Premier Shield™ Anti-Mist & Anti-Scratch Coating conforming to EN166 A permanent coating from JSP that has passed EN166 testing for K (Anti-Scratch) and N (Anti-Mist). The coating thickness is typically 10 µm and outperforms the CE standard for Anti-Mist by over 3 times. The environmentally friendly water based coating material does not weaken the polycarbonate during the coating process and actually increases its impact resistance. The coating is also Anti-Static.
HARDIA™	Hardia+™ Anti-Scratch Coating conforming to EN166 A permanent coating that was developed to offer extreme scratch protection to polycarbonate eyewear. The coating exceeds the requirements of EN166 testing for K (Scratch-Resistance).
MistResist+™	MistResist+™ Anti-Mist Coating conforming to EN166 and scratch resistance A permanent coating that has passed EN166 testing for N (Anti-Mist) and provides excellent performance by surpassing EN166 Anti-Mist requirements by 3 over times. The coating also provides a high level of Scratch-Resistance and is also Anti-Static.
HARDIA™	Hardia™ Scratch Resistant Anti-Scratch Coating An entry level Hard Coating that provides good Scratch-Resistance at an economical price.
MistResist™	MistResist™ Anti Mist Coating An entry level coating that provides Anti-Mist protection at an economical price. The coating also provides a medium level of Scratch-Resistance and is also Anti-Static.

BESPOKE LOGO PRINTING & FRAMES

☑ BRAND THE TEMPLE ☑ BRAND THE LENS ☑ BRAND THE FRAME

We can print your logo in up to six colours onto the temple or etch your logo onto the lens. For the Stealth™ 9000 & Stealth™ 9100 the frames can also be branded to suit your own brand style. Minimum order quantity's apply, all format preferable.

SAFETY EYEWEAR GUIDE

MANUFACTURING FOR SAFETY

CLEAR

Suitable for use in good visibility conditions.

SMOKE

For direct sunlight and bright glare conditions.

INDOOR / OUTDOOR

Reduces dazzling and the harmful effects of blue light.

AMBER

Offers sharpness, acuity and contrast. Primary function is to block blue light.

MIRROR

Ideal protection against sun glare as it reflects solar rays before filtering UV.

CLEAR

Class 1 optics suitable for use in good visibility conditions.

STEALTH™ 9000

✓ ULTIMATE PROTECTION

Lightweight co-injection moulded temples with soft rubber to increase grip, adjustable nose piece and built in brow guard provide excellent comfort and protection levels. Wraparound 9 base curve polycarbonate optical class 1 lens.

ASA770-15N-800 SRP £5.37 Box 10

ASA770-15W-900 SRP £5.37 Box 10

ASA770-16R-100 SRP £5.37 Box 10

ASA770-15P-900 SRP £5.37 Box 10

ASA770-16P-000 SRP £5.37 Box 10

THERMEX™

✓ -40 TESTED ✓ RX INSERTS ✓ FOG FREE VISION

The unique Thermex™ Moisture Control Patch™ works to balance air pressure build up caused by heat or altitude to ensure distortion free optical class 1 vision. NBR foam on the goggle provides a comfortable fitting to a wide range of facial profiles. Peel off's available.

AGM020-723-000 SRP £19.25 Box 10

STEALTH™ 8000

✓ ALL DAY COMFORT

A lightweight safety spectacle, weighing just 26g with a wraparound 9 base curve polycarbonate lens that has a built in adjustable PVC nose piece for added comfort and stability. Low profile tension control temples provide extra grip and are suitable for use with hearing protection.

ASA790-1A1-300 SRP £4.79 Box 10

ASA790-166-400 SRP £3.51 Box 10

ASA790-162-900 SRP £3.51 Box 10

ASA790-161-200 SRP £3.51 Box 10

STEALTH™ 9100

✓ BESPOKE FRAME ✓ RX INSERTS ✓ PROTECTIVE SLEEVE

Large injection moulded spherical wraparound optically perfect lens. Ultra soft housing and dual injection frame provides a soft comfortable fit that moulds to fit almost any face shape. Wide elastic headband with easy quick release clipping buckle.

AGS020-54N-800 SRP £10.79 Box 50

ASA790-161-300 SRP £3.51 Box 10

STEALTH™ 7000

✓ COST EFFECTIVE

Contour design and flexibility of frame gives a good versatile fit onto both smaller and larger faces. Extremely light and comfortable.

ASA430-021-300 SRP £2.53 Box 10

ASA430-026-400 SRP £2.53 Box 10

ASA430-020-200 SRP £2.42 Box 10

ASA430-02K-100 SRP £2.42 Box 10

EVO® - GOGGLE™

✓ COMPATIBILITY ✓ COMFORT & FIT

Low profile design offers industrial safety helmet or bumpcap compatibility. Comfortable soft EVA foam housing provides a fit that moulds to almost any face shape. RX inserts and peel off's available.

AGM020-623-000 SRP £7.30 Box 10

CASPIAN™

✓ WRAPAROUND LENS ✓ ALL DAY COMFORT

A spherical lens ski style goggle with wide headband has been designed to offer a high degree of comfort for long periods of wear.

AGR024-443-000 SRP £6.84 Box 50

ATLANTIC™

✓ PERFORMANCE & VALUE

Wide angle lens and elastic headband for improved comfort. Moulded-in ventilation for dust, liquid, molten metal and hot solid protection. The Atlantic™ can be worn over most modern prescription spectacles.

AGN020-441-300 SRP £4.60 Box 120
