Compact Portable LED Worklight (Brand: Safety Master)

The LED worklight offers power, control and performance in a compact and flexible package. The head is fitted with eight high power ultra-bright LEDs that can be pre-focussed between a spot through to a floodlight.

The LED Worklight has a universal flexible arm that allows the light output to be directed to the exact point. Both the arm and head rotate.

It comes with a DC charge rack as standard, which allows for stable and secure mounting on a desk, wall or bulkhead.

A waterproof switch membrane allows the unit to be switched between multiple modes – 100% power, 66% power, 33% power, Flash SOS and Strobe.

Features

- 30W LED power for up to 21 hours use
- Includes 12V charging dock from vehicle or mains
- Focusable from full spot to full flood
- Head angle adjustment
- Over 2,500 lumens light output
- Locking charge rack
- Emergency light function
- Shoulder strap included
